RECOMMENDATIONS

1. Recommend that the Advisory Agency require Vesting Tentative Tract (VTT) 82764 (Project) to pay in-lieu fees to the City in order fulfill the Project's requirements under provisions of Los Angeles Municipal Code Section 12.33; and,
2. Authorize the Department of Recreation and Parks' (RAP) General Manager or designee to provide a Report to the Advisory Agency informing them of the Board of Recreation and Park Commissioners' (Board) recommendation.

PARK FEE SUMMARY

Ordinance 184,505 (Parks Dedication and Fee Update Ordinance) became effective on January 11, 2017. Ordinance 184,505 requires most residential projects that create new dwelling units or joint living and work quarters to dedicate land or to pay a fee in-lieu (Park Fee) for the purpose of developing park and recreational facilities. Residential projects that propose one or more additional dwelling units are subject to these requirements unless they meet one of the exceptions listed in Los Angeles Municipal Code (LAMC) Section 12.33 C.3 (e.g. certain affordable housing units and secondary dwelling units may be exempt from any requirement to pay a fee).

LAMC Section 17.03 (Advisory Agency) states that "[t]he Advisory Agency is charged with the duty of making investigations and reports on the design and improvement of proposed subdivisions, of requiring the dedication of land, the payment of fees in lieu thereof, or a combination of both, for the acquisition and development of park and recreation sites and facilities...". The Director of the City Planning Department (City Planning) is designated as the Advisory Agency for the City of Los Angeles and is authorized to act in such capacity through one or more deputies appointed by him or her for that purpose.

## BOARD REPORT

PG. 2 NO. 19-220

LAMC Section 17.04 (Subdivision Committee) states that the Department of Recreation and Parks (RAP) is to submit a Report to the Advisory Agency for each application for subdivision map approval and that report "shall contain recommendations, approved by the Board of Recreation and Park Commissioners, specifying the land to be dedicated, the payment of fees in lieu thereof, or a combination of both for the acquisition and development of park or recreational sites and facilities to serve the future inhabitants of such subdivision...".

### PROJECT SUMMARY

The proposed Project, located at 6350 West Selma Avenue in the Hollywood community of the City, consists of a 23-story mixed-use project with approximately 290 residential units, 29 of which are affordable, and approximately 6,576 square feet (SF) of commercial floor area on the ground floor. The Project would retain existing retail buildings on-site.

The proposed Project also includes approximately 24,900 SF of common open space, including a roof deck and an amenity deck with a pool, spa, and fitness center.

The Project, as submitted to City Planning, is not proposing to make a park land dedication to the City of Los Angeles either on-site or off-site of the Project location.

Conceptual renderings of the Project are attached (Attachment 1).

### EARLY CONSULTATION MEETING

Pursuant to LAMC Section 12.33 D.1, applicants of residential Subdivision projects with more than fifty (50) residential dwelling units are required to meet with RAP and City Planning prior to submitting a tract map application to City Planning. Per LAMC Section 12.33 D.1, "[t]he purpose of this early consultation is to discuss whether the City requires land dedication for the project and/or to discuss credits available to the applicant, if any."

RAP and City Planning staff held an Early Consultation meeting with Project representatives on **July 24, 2019**. The meeting included a discussion of the requirements of LAMC Section 12.33, the maximum land dedication that the Project could be required to provide, options and opportunities for on-site or off-site park land dedications, the calculation of Park Fees, and the various recreational credits available to the Project.

### ADVISORY AGENCY

The Project filed a tract map application with City Planning on **September 19, 2019**. On September 25, 2019, the Advisory Agency sent RAP a notification requesting RAP provide its report and recommendations on the Project by a deadline identified as "**Upon Receipt**." The Advisory Agency Filing Notification is attached (Attachment 2). If no written Report is provided to the Advisory Agency, the Advisory Agency will assume that RAP has no report to make.

## BOARD REPORT

PG. 3 NO. 19-220

### REQUIRED LAND DEDICATION AND IN-LIEU FEE PAYMENT

Pursuant to LAMC Section 12.33 C, “All new residential dwelling units and joint living and work quarters shall be required to dedicate land, pay a fee, or provide a combination of land dedication and fee payment for the purpose of acquiring, expanding and improving park and recreational facilities for new residents.”

LAMC 12.33 D.2.b states “Any land dedication for park and recreation purposes shall not be deducted from a site’s gross lot area for the purposes of calculating project density, lot area, buildable area or floor area ratio.”

#### Land Dedication

LAMC Section 12.33 D states that residential Subdivision projects with more than fifty (50) residential dwelling units can be required by the City to dedicate land to the City for park and recreation purposes. The maximum amount of land that the Advisory Agency could require a project to dedicate to the City is calculated based on the formula detailed in LAMC Section 12.33 D.2:

- **LD = (DU x P) x F**
  - **LD** = Land to be dedicated in acres.
  - **DU** = Total number of new market-rate dwelling units.
  - **P** = Average number of people per occupied dwelling unit as determined by the most recent version of the U.S. Census for the City of Los Angeles.
    - **P = 2.88**
  - **F** = Park Service factor, as indicated by the Department of Recreation and Parks rate and fee schedule.
    - **F = 0.00251 (2.51 acres of park land per 1,000 residents)**

The **maximum** required land dedication for the Project’s proposed 290 units would be:

$$\mathbf{2.10\ Acres = (290 \times 2.88) \times 0.00251}$$

The amount of land that is required to be dedicated is subject to change depending on the Park Service factor in effect at the time the Project is required to dedicate the land; the number of exempt dwelling units (e.g. affordable housing units, existing dwelling units to be replaced on site, etc.) included as part of the Project; any Dwelling Unit Construction Tax previously paid by the Project; and, any credits granted by RAP to the Project for improvements to dedicated park land or for eligible privately owned recreational facilities and amenities.

As currently proposed, the Project has 29 affordable units that would likely qualify for an exemption per LAMC Section 12.33 C.3. If those dwelling units are ultimately determined to be exempt, the maximum required land dedication for the Project would be:

$$\mathbf{1.89\ Acres = (261 \times 2.88) \times 0.00251}$$

## BOARD REPORT

PG. 4 NO. 19-220

Per LAMC Section 12.33 D.3, land dedications may be made on-site or off-site of the project location. Any off-site land dedication shall be located within a certain radius of the project site, as specified below:

- a) Neighborhood Park: within a 2-mile radius
- b) Community Park: within a 5-mile radius
- c) Regional Park: within a 10-mile radius

While the Advisory Agency has the authority to require the Project to dedicate land to the City for park purposes, the Board would need to approve any proposed park land dedication before that land can be acquired and accepted by the City. Therefore, if the Advisory Agency requires the Project to dedicate land to the City, RAP staff would need to prepare a subsequent report to the Board regarding the proposed land dedication. That report would detail the amount and location of the land being dedicated, and the improvements, if any, proposed to be developed on the dedicated property. Additionally, if it is determined that the Project will provide a combination of land dedication and fee payment, the report would also identify the amount of in-lieu fees that would be owed to the City after RAP credits the Project for the amount of land being dedicated.

### In-Lieu Fee Payment

Pursuant to LAMC Section 12.33, the Park Fee amount is determined by the type of residential development project (Subdivision or Non-Subdivision) being developed. RAP shall collect these fees pursuant to LAMC Section 19.17 and the Park Fees Section of RAP's Rate and Fee Schedule. As of July 1, 2019, Residential Subdivision projects that are subject to the Subdivision fee shall pay:

**\$12,998.00 x number of new non-exempt dwelling units**

The **maximum** Park Fees payment for the Project's proposed 290 units would be:

**\$3,769,420.00 = \$12,998.00 x 290 dwelling units**

As currently proposed, the Project has 29 dwelling units that would likely qualify for an exemption per LAMC Section 12.33 C.3. If those dwelling units are ultimately determined to be exempt, the **maximum** required Park Fee payment for the Project would be:

**\$3,392,478.00 = \$12,998.00 x 261 dwelling units**

The amount of Park Fees that are required to be paid is subject to change depending on the Park Fee schedule in effect in the year of payment; the number of exempt dwelling units (e.g. affordable housing units, existing dwelling units to be replaced on site, etc.) included as part of the Project; any Dwelling Unit Construction Tax previously paid by the Project; and, any credits granted by RAP to the Project for improvements to dedicated park land or for eligible privately owned recreational facilities and amenities.

## BOARD REPORT

PG. 5 NO. 19-220

Per LAMC Section 12.33 E.3, any Park Fees collected by the City shall be expended within a certain radius from the project site, as specified below:

- a) Neighborhood Park: within a 2-mile radius
- b) Community Park: within a 5-mile radius
- c) Regional Park: within a 10-mile radius

### STAFF ANALYSIS AND RECOMMENDATION

In order for RAP staff to determine which mechanism, land dedication or payment of Park Fees, to recommend for the Board's review and approval, RAP staff analyzes each proposed development project, including its location, new population, surrounding parks, any nearby active or proposed park acquisition or park development project, existing park service radius gaps, etc. RAP staff also analyzes any parks, open spaces, or recreational areas anticipated to be provided by each proposed development project in order to determine if those facilities reduce the need for new public recreation and park facilities to serve the project residents.

One of the most critical factors that RAP staff uses to analyze proposed developments is existing park service radius gaps. Approximately fifty-four percent (54%) of residents in the City of Los Angeles live within a one-half ( $\frac{1}{2}$ ) mile, or a ten (10) minute walk, from a public park or open space. The Mayor's Office of Sustainability pLAN sets a goal of increasing the percentage of Angelenos living within a one-half mile from a park to 65% by 2025 and to 75% by 2035. RAP has employed a variety of strategies, such as the 50 Parks Initiative, that are intended to increase park access and meet these park access goals.

#### Site Analysis

The Project is located within the Hollywood community of the City and within the Hollywood Community Plan Area. Currently, the Project site contains several retail buildings and a parking lot. The retail buildings will be retained as part of the Project. The Project is surrounded by commercial, office, and residential uses on all sides, including a parking structure to the east.

An aerial view of the Project site is attached hereto (Attachment 3). A map showing the generalized zoning of the project site is also attached (Attachment 4).

The Project is located in a high-density area of the City. Below is analysis of the density of the area within walking distance of the Project site and a comparison to both citywide density and local community density:

- Half-mile ( $\frac{1}{2}$ ) walking distance of the Project site (EPADSS): 8,832 persons (14,720 persons per square mile)
- City of Los Angeles Population Density (2010 United States Census): 8,092 persons per square mile.
- Hollywood Community Plan Area (2017 American Community Survey): 8,006 persons per square mile

## BOARD REPORT

PG. 6 NO. 19-220

### Project Open Space and Recreational Areas

As previously discussed, the Project also includes approximately 24,900 SF of common open space, including a roof deck and an amenity deck with a pool, spa, and fitness center.

The amount of common open space being provided by the Project does not appear to exceed the amount of open space the Project would otherwise be required to provide per LAMC Section 12.21 (or other planning documents, specific plans, etc.). Additionally, it does not appear that these open spaces will include the type and variety of active and passive recreational facilities and amenities that are typically found in the City's Neighborhood and Community Parks and that are needed to meet the needs of residents of all ages and abilities.

As currently proposed, these proposed recreational amenities would likely not significantly reduce the Project's impact on existing public recreational and park facilities nor would they likely significantly reduce the need for new or expanded public recreational and park facilities to serve the Project's residents.

### Public Park Access

There are five RAP-operated public parks that are within a half ( $\frac{1}{2}$ ) mile walking distance from the Project site. A map showing the project location and nearby public parks is attached hereto (Attachment 5).

- Selma Park, located at 6567 West Selma Avenue, is a 0.22-acre park currently improved with a children's play area, landscaping, and seating area.
- Yucca Community Center, located at 6671 West Yucca Street, is a 0.97-acre park that provides a recreation center, outdoor basketball court, and synthetic turf field for the use of the surrounding community.
- DeLongpre Park, located at 1350 North Cherokee Avenue, is a 1.37-acre park that provides a children's play area and seating.
- Las Palmas Senior Citizen Center, located at 1820 North Las Palmas Avenue, is a 1.14-acre facility that provides a senior citizen center and a landscaped open space area for the use of the surrounding community.
- Hollywood Recreation Center, located at 1122 North Cole Avenue, is a 3.12-acre facility that provides an auditorium, basketball courts, children's play area, community room, kitchen, and multipurpose sports field.

As previously noted in the Report, a land dedication for a new public park could be located either on-site or off-site of the Project location. If a new public park was provided at the Project location the park would serve the new residents of the Project and would serve approximately **187** new, previously unserved, residents within a half-mile ( $\frac{1}{2}$ ) walking distance (Attachment 6). If a new public park was provided off-site of the Project location the park would serve the new residents of the Project as well as an unknown number of new, previously unserved, residents within a half-mile ( $\frac{1}{2}$ ) walking distance. If the Project does elect to make some or all of its required land dedication off-site, staff would work with the Project to identify a site that would serve project residents, help close an existing park service area gap, and maximize, to the

## BOARD REPORT

PG. 7 NO. 19-220

extent feasible, the number of new residents who would be within a half-mile ( $\frac{1}{2}$ ) walking distance of a public park.

### Nearby Public Park Projects

There are no new public parks currently in development within a two (2) mile radius of the Project site.

There are two park renovation projects currently in development within a two (2) mile radius of the Project site:

- Hollywood Recreation Center is a 3.12-acre facility located at 1122 North Cole Avenue in Council District 13. There is an existing Proposition K project to demolish the existing recreation center and construct a new modern gymnasium. The project is being led by the Bureau of Engineering. It is unknown when the construction for the project is anticipated to begin. Currently, a total of Eight Million, Four Hundred Ninety-Seven Thousand, Four Hundred Ninety-Five Dollars and Fifty Cents (\$8,497,495.50), One Million Five Hundred Thousand Dollars (\$1,500,000.00) in Proposition K and Six Million Nine Hundred Ninety-Seven Thousand Four Hundred Ninety-Five Dollars and Fifty Cents (\$6,997,495.50) in Quimby Fees (Report No. 17-054), has been identified for the project.
- Las Palmas Senior Center is a 1.14-acre facility located at 1820 North Las Palmas Avenue in Council District 13. The existing senior center building at Las Palmas Senior Center was originally constructed in 1963 and is need of significant renovation or replacement. A new senior center building is currently in design (PRJ21175, PRJ21176). It is unknown at this time when the project is expected to be completed. Currently, a total of Four Million, Seven Hundred Forty-Eight Thousand, One Hundred Seventy-Nine Dollars and Six Cents (\$4,748,179.06) in Quimby/Park Fees Fees (Report No. 18-234), has been identified for the project.

### Staff Recommendation

The proposed Project is located in a high-density area of the City. The density of the surrounding area within walking distance of the Project site is higher than the average density of the City and is higher than the average density of the Community Plan Area in which the Project is located.

The Project site is not located in an existing park service radius gap. There are five RAP-operated public parks within a half ( $\frac{1}{2}$ ) mile walking distance from the Project.

There are no new public parks currently in development within a two (2) mile radius of the Project site.

## BOARD REPORT

PG. 8 NO. 19-220

There are two (2) park renovation project currently in development within a two (2) mile radius of the Project site. However, both projects are located on the outer boundary of the two-mile radius.

If a new public park was provided at the Project location, the park would serve Project residents and 187 currently unserved residents within a half (½) mile walking distance.

Therefore, RAP staff recommends that the appropriate mitigation measure for this Project is the payment of in-lieu fees to the City.

### FISCAL IMPACT STATEMENT

As it is not known at this time if the Advisory Agency will recommend the Project dedicate park land to the City or to pay Park Fees, the potential Fiscal Impact to the RAP's General Fund is unknown.

### STRATEGIC PLAN INITIATIVES AND GOALS

Approval of this Board Report advances RAP's Strategic Plan by supporting:

**Goal No. 3:** Create & Maintain World Class Parks and Facilities

**Outcome No. 3:** Increased park maintenance, with a focus on cleanliness.

**Result:** Collected fees could serve to fund capital improvements of existing parks in the Project area.

This Report was prepared by Dylan Lawrence, Management Assistant, Planning, Maintenance and Construction Branch.

02 KEY PLAN

BUILDING ASSEMBLY and FINISH SCHEDULE				
FINISH CODE	MATERIAL TYPE	LOCATION	FINISH	SIZE
MTU-01	MILD-STEEL PROFILES AND HEAVY GAUGE METAL MESH INFILL	BALCONY GUARDRAILS	POWDER-COATED, OR EQ EXTERIOR FACTORY FINISH	VARIES, SEE PLANS AND ELEVATIONS
MTL-02	PREWEATHERED CORTEX STEEL COLUMN ENCLOSURE	CONCRETE COLUMNS AT LEVEL 4 AMENITY DECK (2x HEIGHT)	STABILIZED FOR EXTERIOR INSTALL AS REQUIRED	VARIES, SEE PLANS AND ELEVATIONS
MTL-09	HANGING STRUCTURAL STEEL PROFILES AND PLATE AT SLAB/BALCONY EDGES	BALCONIES, BLDG EXTERIOR CLADDING, MISC. EXPOSED BRCK LEDGERS AND JAMBS	POWDER-COATED, OR EQ EXTERIOR FACTORY FINISH	VARIES, SEE PLANS AND ELEVATIONS
WW-01	STEEL OR NARROW STEEL ALUMINUM TRUE DIVIDED LITE WINDOW WALL	ALL APARTMENTS, ELEVATOR LOBBIES, MAIN LOBBY, RETAIL STOREFRONTS	POWDER-COATED, OR EQ EXTERIOR FACTORY FINISH, 3-1/2" EGU (Solarband 70)	VARIES, SEE PLANS AND ELEVATIONS
WW-03	ALUM. WINDOW WALL SYSTEM, THERMALLY BROKEN, TOP AND BOTTOM CAPTURED W/ BUFF GLAZED JAMBS, FULL HEIGHT FLOOR TO FLOOR LITES	EXTERIOR ENCLOSURE AT LEVEL 4 AND 5 AMENITY DECK AND APARTMENTS	HIGH PERFORMANCE EXTERIOR GRADE FACTORY FINISH, 3-1/2" EGU (Solarband 70)	VARIES, SEE PLANS AND ELEVATIONS
WW-03	ALUMINUM PUNCH WINDOW SYSTEM, NARROW STEEL ALUMINUM DIVIDED LITES (Solarband 70)	LEVEL 2 AND 3 POISSUM PARKING FLOORS	HIGH PERFORMANCE EXTERIOR GRADE FACTORY FINISH	VARIES, SEE PLANS AND ELEVATIONS
GLDR-01	FULL-HEIGHT FOLDING GLASS DOOR, (LAMINATED)	LEVEL 4 AMENITY DECK AND LEVEL 24 ROOF DECK, 3-9/16" EGU (Solarband 70)	HIGH PERFORMANCE EXTERIOR GRADE FACTORY FINISH	VARIES, SEE PLANS AND ELEVATIONS
BR-01	EXTERIOR BRICK - PRECAST CONCRETE UNIT WITH HAND-SET BRICK IN-LAY	POISSUM AND PARKING LEVELS (GROUND TO LEVEL 4)	EXTERIOR	SEE ELEVATIONS
BR-03	EXTERIOR 1/2" BRICK OVER METAL STUD FRAMING WITH INSULATION	APARTMENT LOBBY (LEVELS 6 THRU ROOF PARAPET)	EXTERIOR	SEE ELEVATIONS
BR-03	EXTERIOR 1/2" BRICK VENEER	EXTERIOR WALLS OF APARTMENTS ADJACENT TO BALCONIES AND WINDOW WALLS	EXTERIOR	VARIES
BR-04	DECORATIVE BRICK COURSE	SLAB EDGES, CORNERS, PEDESTALS	EXTERIOR	ASSUME 20-25% OF OVERALL EXTERIOR BRICK AREA
CONC-01	EXPOSED VERTICAL STRUCTURAL CONCRETE	EXTERIOR OF PARKING LEVELS	BACKED AND PATCHED	SEE PLANS
CONC-02	ARCHITECTURAL TOPPING COAT OVER STRUCTURAL SLAB FLOOR	MAIN AND ELEVATOR LOBBIES, AND COMMON AREAS	GRINDING, POLISHED AND SEALED	SEE PLANS
CONC-03	EXPOSED STRUCTURAL CONCRETE	EXTERIOR OF PARKING LEVELS	TBD	SEE PLANS
CANOPY-01	ARCHITECTURAL STRUCTURAL STEEL AND FROSTED GLASS (LAMINATED)	GROUND LEVEL LOBBY AND RETAIL	HIGH PERFORMANCE EXTERIOR GRADE FINISH	SEE ELEVATIONS
CANOPY-02	ALUMINUM PROFILES AND FROSTED GLASS (LAMINATED)	LEVEL 4 AMENITY DECK	HIGH PERFORMANCE EXTERIOR GRADE FINISH	VARIES, SEE DWGS

## Park Analysis Report

### Scenario Information

Scenario Name:

1520-1542 North Cahuenga; 6350 West Selma Avenue; 1523-1549 North Ivar Avenue

Description:

Scenario Type:

New Park

Park Class:

Improved

Baseline Dataset\*:

All Parks (RAP and Non-RAP)

\*The baseline dataset is the existing parks dataset whose service areas are used to calculate the currently non-served metrics given below in blue. These residents and households, which would be served by the proposed park, are not currently served by any existing park in the baseline dataset.

### Population and Age Breakdown

### Household and Income Breakdown

	Total Residents Served:	Currently Non-Served Residents Served:
Residents Served:	8,832	187

	Total Households Served:	Currently Non-Served Households Served:
Households Served:	4,515	127

#### Residents Served by Age

Under Age 5:	250	2
Age 5 to 9:	198	5
Age 10 to 14:	223	2
Age 15 to 17:	203	9
Age 18 to 64:	6,701	80
Age 65 and Over:	1,257	89

#### Households Served by Annual Income

Under \$25,000:	2,433	66
\$25,000 to \$34,999:	345	6
\$35,000 to \$49,999:	600	29
\$50,000 to \$74,999:	565	14
\$75,000 and Over:	572	12
