Good morning,

Thank you for contacting the Board of Recreation and Park Commissioners Office, your email will be forwarded to the Commissioners.

On Fri, Oct 29, 2021 at 8:36 AM Debra Huston <

> wrote:

Dear Commissioners,

I have been informed by RAP that the ballfields at Westchester Park will not be ready for leagues until March. Also, Mike Bonin has announced he will be moving homeless from the park beginning November 1, and within four weeks of that date:

https://spectrumnews1.com/ca/la-west/homelessness/2021/10/28/-encampment-to-home--program-launches-mondayin-westchester-park

I hope RAP plans to close the park for renovation at the end of this four week period. If not, we may never have our park without homeless campers because of Bonin's Street Engagement Strategy, which will become operative soon.

Bonin's Street Engagement Strategy ordinance takes effect soon, but not sure exactly when. It depends on when the Chief Administrative Officer completes his recommendations. When that ordinance takes effect, it will take forever to house people who are homeless because that ordinance will give the power to LAHSA to spend lots and lots of time making multiple offers of housing and homeless people will have to agree it is "suitable" before they have to accept it. Also, that ordinance will limit the involvement of law enforcement. That ordinance is Council File 20-1376, in case you want your legal team to take a look at that whole situation and what it will mean when it takes effect. It's based on Ridley-Thomas's "Right to Housing" ordinance:

Report of the Chief Legislative Analyst:

https://clkrep.lacity.org/onlinedocs/2020/20-1376 rpt cla 8-31-21.pdf

Letter from Office of the City Clerk:

https://clkrep.lacity.org/onlinedocs/2020/20-1376 misc f 8-16-21.pdf

Info from CAO describing the process:

https://clkrep.lacity.org/onlinedocs/2020/20-1376 misc 8-12-21.pdf

Report of the CAO:

https://clkrep.lacity.org/onlinedocs/2020/20-1376 rpt cao 7-28-21.pdf

Ridley-Thomas's website describing "Right to Housing":

https://markridley-thomas.lacity.org/homelessness-and-systemic-inequality-an-overview-and-policy-brief

LA will be the first city in the entire nation to have "Right to Housing", and the first to combine it with a "Street Engagement Strategy" that will limit the involvement of law enforcement.

Thank you so much for everything you are doing.

Debra Huston

Good afternoon,

Thank you for contacting the Board of Recreation and Park Commissioners Office, your email will be forwarded to the Commissioners.

On Tue, Nov 2, 2021 at 3:44 PM Debra Huston < > wrote: Dear Commissioners: Please read the email below regarding Mike Bonin's apparent position. ----- Forwarded message ------From: **Debra Huston** < > Date: Tue, Nov 2, 2021 at 3:38 PM Subject: Is it Mr. Bonin's position that it is okay for people to camp overnight in parking lots in the park? To: Hannah Levien hannah Levien <a href="mailto:shannah.levien.l Cc: Paula Gerez < >, Theresa Torrance < >, Chip Mallek < >, Garrett Smith < >, Julie Ross < >, Julie Zaller >, Klemack, John (NBCUniversal) < >, Sue Pascoe < < >, Jamie Paige >, Tracy Thrower Conyers <

Ms. Levien and Mr. Molnar,

We need clarification. We saw a post on Nextdoor by Kimberly Fox, who seemed to have inside information and speak on behalf of Mr. Bonin. She said in her post:

"**Footnote re folks in cars in the park** It is the City's current policy that living in a car is not a crime. For people in the Westchester Park living in their cars, they will not be transitioned into hotel/motel rooms at this time. These individuals are the focus of a separate case management efforts, given their housing status is different (legally, technically) from those living in tents on public property."

Is it Mr. Bonin's interpretation of City ordinance that it is a violation of ordinance to sleep in a tent in the park but not in a car in the park?

Obviously, if this is Mr. Bonin's position, homeless people will remain in the park, and the Encampments to Home program will do no good. The ordinance regarding park closure applies to the parking lots in the park. If homeless people are living in cars right outside the senior center, seniors will still be afraid to go to the park. If homeless are living in cars in the park, youth athletes will be afraid to play in the park.

Please clarify. I hope Ms. Fox has simply made an error and that this is not Mr. Bonin's interpretation.

Debra Huston

I could not agree more with Pae and Sandy.

I feel for the Park Rangers and Sanitation because they keep cleaning up these areas yet without enforcing the laws the encampments just reappear within a day or two.

I'd like to know what it is going to take to change this insanity.

2 murders and several fires? NO.

Why is illegal behavior being tolerated?

Please answer us.

I assure you this is not happening in Beverly Hills, Culver City, La Canada or La Crescenta .

Why?

This is getting very tiring.

And I've called city council a number of times and attended a meeting with Gil Cedillo. And the problem is just getting worse.

I voted for Gil Cedillo and regret it.

Can we get a real plan of action in writing from city council?

Sweet P Vaughn

	Thanks for your inquiry,	Joan. I'm cc'ing PPCC Chair Da	ave Card and CD 11	(our City Councilmember

Mike Bonin) Palisades Deputy Noah Fleishman.

They may be able to provide some ideas/assistance. Of course the Recreation Center is operated by the City Dept. of Recreation and Parks, which would have to be involved in any discussions and decisions regarding pickle ball courts in the Palisades.

Speaking solely for myself, I know about pickle ball and think it would be great to have a pickle ball court in the Palisades!

Best regards,

Chris Spitz Secretary Pacific Palisades Community Council

From: Joan Blanchard < To: <

Sent: 10/6/2021 8:52 PM Subject: Pickleball Courts

Dear Council Members: There is a growing group of local residents who have started playing pickleball at the Palisades Recreation Center. Currently, we are playing in the empty area between the 2 gyms. Every Wednesday and Saturday, volunteers bring nets, racquets and balls and set up 2-4 courts for play. Our court boundaries are chalk lines. Our goal is to have a designated space for pickleball. This could be on one of the tennis courts (one tennis court could become 4 pickleball courts) or another suitable area. We would like to have someplace to play that has a smooth surface, painted lines and nets already in place. Please let me know how you would advise us to proceed with this venture. Below please find additional information about the benefits of Pickleball. I thank you for your response. Joan Blanchard

Why play Pickleball? You asked. Playing pickleball allows you to work on your balance, agility, reflexes, and hand-eye coordination without putting excessive strains on your body. Pickleball is a wonderful alternative for older players who used to play tennis, but have physical limitations such as hip, shoulder, knee, or other joint problems.

Over the last few years, pickleball has been rising in popularity. In fact, pickleball is considered one of the fastest-growing sports in the United States. According to the USA Pickleball Association (USAPA), there are over eight MILLION players, and that number is quickly growing. Due to the soaring popularity of this decades-old game, many parks and recreation departments are now adding pickleball to their sports programming.

Click on the following links to see more of why Pickleball is so popular:

To: Los Angeles City Recreation and Parks Department Office of Board of Commissioner

I am a resident of Lake View Terrace, and on behalf of the residents of the area I am requesting the renovation of the child's playground at Kagel Canyon Park. As a new parent, I recently v to find out the playground is outdated, is in poor conditions and has several safety hazards for the children who play there.

To begin with, the toddler swing is missing a safety buckle, the support beams in the playground are rusted, the rubber coating on the platforms are deteriorating, and there is no form of sha in the playground.

During the summer, temperatures in the valley exceed 90 degrees and local residents depend on our local parks to cool down. Furthermore, due to the current pandemic, citizens spend mc such as our local parks to prevent being exposed to Covid-19.

Kagel Canyon Park is a nice park, but the playground is not up to standard. As a police officer and a former parks and recreation employee, I value the safety of the community. Therefore, playground to be upgraded so that the kids and adults can safely enjoy the playground again.

Attach you will find photographs referencing the problems in the playground

I never thought the day would come that my job would mandate us to discriminate and segregate against kids.

I work for the City of Los Angeles, Dept. of Recreation and Parks. We coordinate youth sports leagues and cultural classes for tens of thousands of kids in LA. We just got word this week that children ages 12 and over without the covid vaccine would not be allowed to participate in publicly funded low cost indoor recreation programming, such as Basketball or Afterschool Programs. Then it was added that this will apply to ages 5-11 as well. This is scheduled to begin Nov. 29th, even though both age groups vaccines are not fully approved. Many of the families that are not choosing to vaccinate their kids, for whatever reason, are lower income and minorities. The solution to this is to offer separate outdoor activities for the unvaccinated. Discrimination and Segregation.

I am already disappointed and saddened that the City of LA is mandating the covid vaccine for all workers including myself. It puts people in the situation where they have to decide between providing for their family and personal bodily freedoms. I have many years doing this and have always stepped up when needed, but now I face losing my job. I just want to continue providing quality of life programs for all kids, not a select few. I could go on and on about the benefits of recreation and sports, and how much I love this job. How can we exclude some of the most vulnerable in the City? I know our priority is Safety. But what about Recreation? The weekly test result was a good compromise for the Fall season. We shouldn't be making the criteria harder when the Covid cases are dropping? We will see a mass exodus of families go to other organizations, private leagues, or just staying home.

I am writing this anonymously because I have never done this before and don't know if there will be retaliation. There is already retaliation going on for those who are not vaccinated. The morale of the Department is the lowest I've ever seen. Worse than when the childcare staff were laid off in 2010. Our Directors are being told to pick who can play and who cannot. It goes against everything we believe and against the Rec. & Parks mission statement. I truly hope these guidelines will be rescinded.

Thank you for your time.

Re: "Safe Parking" permit should not be renewed at Westchester Park

1 message

Rap Commissioners <rap.commissioners@lacity.org>
To: Debra Huston

Tue, Nov 9, 2021 at 2:24 PM

Good afternoon,

Thank you for contacting the Board of Recreation and Park Commissioners Office, your email will be forwarded to the Commissioners.

On Sun, Nov 7, 2021 at 8:01 AM Debra Huston <

> wrote:

Dear Commissioners and Mr. Shull,

As you are aware, there is a "Safe Parking" area consisting of 25 spaces in the Rec Pool/Ballfields parking lot at Westchester Park.

Since that permit was last renewed in late June or early July 2021, the City Council amended LAMC 41.18 to provide that overnight camping is prohibited within 500 feet of parks and schools. The reason for this amendment is based on the recognition that it is not safe to have people who are homeless camping near children.

Children use parks, and they use the ball fields and the swimming pool near the "Safe Parking" area of Westchester Park. Children use park facilities early in the morning and until late in the evening. Children involved in winter youth athletics are especially affected, as they play games and tournaments on dark winter evenings until close to the 10:30 closing time of the park. People using the Safe Parking at the park (and there aren't many) arrive well before safe parking is open and wait in the parking lot until the gates for Safe Parking are open.

The enactment of LAMC 41.18 is a change in circumstances, as the City Council has now made clear its position regarding the need for the safety of children, and the inconsistency of having vehicles occupied by homeless people in or near parks and schools. In light of this, we believe the permit for "Safe Parking" in Westchester Park must not be renewed.

Also, the Safe Parking uses 25 parking spots of the 50 parking spots in the parking lot adjacent to the ballfields and the Rec pool. Youth athletic leagues using the four fields need far more parking spots than this. These players and their families park in the Rec Center parking lot and the senrior center parking lot as overflow, and will continue to need to use that parking lot as well.

We note that there are many other city-owned parking lots, or parking lots the city could rent, in order to provide safe parking that is not in or near parks, and not near schools.

Thank you very much for your consideration.

Enforcement of Anti-Camping Ordinances in Parking Lots of Parks, including Westchester Park

1 message

Debra Huston < Tue, Nov 9, 2021 at 7:44 AM

To: Pan Commissioners <an commissioners @lacity.org > Michael Shull < michael a shull@lacity.org > Brenda Aquirre

Dear RAP Commissioners:

I have been inquiring of RAP as to whether the anti-camping provisions of LAMC 63.44 will be enforced in parking lots in Westchester Park. Just today, we received information from Brenda Aguirre of RAP, as follows:

"We cannot tow any vehicle with evidence of people dwelling in it per the moratorium, this has been in effect Citywide. Anti-camping ordinances do not apply to vehicles. We will be cleaning the park and surrounding areas of Westchester by 11/20/21. I understand this response is not what you want to hear but it is the current situation and we don't have a remedy in place for vehicle dwellers."

As you are aware, our senior citizens cannot park in the parking lots and cannot use the senior center in the park because it is unsafe because of the homeless campers. Our youth athletes cannot play youth athletics in the park because of the homeless campers.

We have searched online for this moratorium to which Ms. Aguirre refers, and we can't find it. We did, however, find a Venice Current news piece about the Ballona Wetlands which stated that the moratorium was lifted as to enforcement of vehicles over 7 feet high or 22 feet long pursuant to LAMC 80.69.4.

How can we go about getting this moratorium on enforcement lifted as to parking lots in sensitive locations, such as parks (as defined in LAMC 41.18).

It is clear that the City Council and the Mayor, in the passage and signing of LAMC 41.18, intended that sensitive locations be protected. We believe the Mayor would be willing to lift the moratorium prohibiting enforcement in parks pursuant to LAMC 63.44, just as the Mayor lifted the moratorium as to enforcement pursuant to LAMC 80.69.4. Parks are not the only place people dwelling in their vehicles can reside. There are thousands of other locations in which to park that are not "sensitive" locations, such as parks.

Members of the public are being deprived of use of the park while Mr. Bonin tries to solve the entire homelessness problem. That problem, like many problems in our society, has been in existence for centuries and will never be solved. We ask for enforcement in our parks so they can be used by the public while Mr. Bonin pursues his agenda.

A personal story: A neighbor in Westchester (whom I know) posted on Nextdoor about the recent passing of his 93-yearold dad, who was unable to go to the senior center at the park to see his friends before he died. The homeless crisis in our parks affects our entire community. There are thousands of personal stories.

How can we go about getting the moratorium lifted as to parks and schools and other sensitive locations?

Thank you for your work to ensure the mission of parks is fulfilled.

Debra Huston

Re: <u>Potrero Canyon Construction (the "Project")/George Wolfberg Memorial Park (the "Park") – Friends Street Construction</u>

Dear Mr. Shull, Mr. Moore and Commissioners,

I am a 30+ year resident of Friends Street in Pacific Palisades and live across the street from the Project. I am writing as a private citizen on behalf of myself and many of my neighbors with regard to ongoing construction activity on the Project adjacent to Friends Street.

Specifically, we are informed and can observe that the City and its contractors are engaged in the process of building a pathway into the Park and a proposed entrance from Friends Street. However, we do not believe that any adequate notice nor opportunity to be heard was ever provided to the area residents about this proposed entrance. Indeed, to the contrary, all of the relevant communications I and other residents received over the years was that no entrance was planned at Friends Street. This was confirmed to area residents by, among others, Norman Kulla, as a senior deputy for CD11 Councilmember Bonin.

Indeed, it is clear that the Final, Approved EIR for the Project *did not include any mention of, nor contemplate in any way, an entrance to the Park from Friends Street*. Rather, the EIR contemplates two Park entrances; one at the Palisades Recreation Center, at the top of the canyon, and another at Pacific Coast Highway, at the bottom of the canyon. Indeed, in January 2019, at the formal "groundbreaking" for the landscaping phase of the Project, Councilmember Bonin not only displayed a map (*see*, https://llthdistrict.com/news/potrerocanyon-park-breaks-ground/) of the Park that clearly shows neither a pathway nor an entrance on Friends Street, but, rather, a trail from the "beautiful" Frontera Street gate through the riparian habitat to PCH at Temescal Canyon. Nor are we aware that the City has obtained a Coastal Development Permit from the California Coastal Commission to build a pathway or Friends Street entrance. Accordingly, I and other residents are requesting that the City immediately cease and desist from any further work on the Friends Street entrance or pathway until (i) proper permits are obtained, if ever; and (ii) we have had an opportunity to meet with the City and fully address the many issues the entrance raises and the concerns of the area residents.

To be clear, we have **no issue with the Park or the Project beyond the potential Friends Street adjacent work** and are not asking for any other aspect of the Project to be limited or curtailed in any way.

I and many (if not most) of my neighbors, with whom I have met, and who are receiving a copy of this correspondence, strongly oppose a Friends Street entrance to the Park for a variety of reasons, including issues of fire and traffic safety. Notably, the area of Friends Street adjacent to the proposed entrance sits between very narrow roadways (including Swarthmore Avenue and Friends Street between Swarthmore and Lombard) which are frequently single lane accessible and Via de las Olas, a street essentially closed to through traffic and which sits on the geologically unstable Via de las Olas bluff (where a massive landslide in 1957 buried a Caltrans worker). While the EIR addresses traffic issues regarding people accessing the Park from Temescal Canyon, Chautauqua Blvd. and Sunset Blvd., it does not address at all access via Friends Street. This is undoubtedly because no Friends Street access was then planned or even contemplated. Further, the entire area is in the Very High Fire Hazard Severity Zone (*i.e.*, at the top of the scale for fire danger). In this regard, our then local Fire Captain opined in 2013 that a Friends Street entrance would not be advisable from a fire safety perspective.

Based on the foregoing (and many other facts too numerous to list here) we were all quite shocked to recently observe the current work being performed. We immediately reached out to CD 11 and had a meeting with Councilmember Bonin's deputy for the area, Noah Fleischman, on November 8. At that meeting, among other things, Mr. Fleischman was very clear that he did not have the authority to stop the work being performed, notwithstanding his being informed of the issues discussed above. Accordingly, while we are waiting to hear back from Mr. Fleischman, which we were told could take almost two weeks, we are writing to you as supervisors and managers of the Project to ensure that you are aware of these issues.

Our purpose in writing now is at least three-fold; first and foremost, to request an immediate stop to the work, which, we believe, is likely improper, if not illegal, in the absence of an EIR or Coastal Permit; second, to request a meeting with the community to discuss and address these issues and our very real and genuine concerns for public safety; and third, to go on record with these issues and thereby avoid any argument from the City down the road that it was not aware of these issues and since it has already done the work, the proposed pathway and entrance should go forward.

Please do not hesitate to contact me should you have any questions. This letter is not intended to convey to you all of the facts and issues surrounding this matter and should not be taken as such.

Thank you for your consideration of the foregoing and continuing professional dedication and service to our community. We welcome the opportunity to discuss these matters with you at the earliest opportunity.

Very truly yours,

Jeffrey Spitz

Hello Commissioners and RAP Executives,

The Griffith Park Advisory Board has prepared the attached recommendations, after consulting with Park Rangers and RAP staff, in order to improve safety conditions at and around the Griffith Park Old Zoo.

As always, please let us know if you have any questions, and we look forward to your prompt attention to these concerns.

Sincerely,

Jason Greenwald Chair, Griffith Park Advisory Board

Los Angeles Board of Recreation and Parks Commissioners

Dear Commissioners:

Despite being closed for more than 50 years, the Griffith Park Old Zoo has recently become an increasingly visited park location, furthered by proliferating social media popularity. Unfortunately, in addition to traditional park visitors, the site has also attracted increased illicit activity, particularly after dark and when the park is closed to the public. Park rangers have filed more than 165 incident reports at the Old Zoo in the past 6 months alone, far more than at any other Griffith Park location. Particularly concerning activities recorded include: extensive and often graphic graffiti; possession of guns, blades and incendiary devices; and evidence of a high volume of smoking and fire rings.

In light of this situation, the Griffith Park Advisory Board assigned our ad hoc public safety committee to investigate and make recommendations. These recommendations, detailed below, follow site visits, extensive deliberation and discussion with RAP staff and Park Rangers.

For context, the Old Zoo consists of animal cages and caverns abandoned in 1966, when the LA Zoo relocated to its current location. The Old Zoo site and its adjacent picnic area are west of Shane's Inspiration Playground, Park Central and the Griffith Merry-Go-Round. The area is a remote section of the park, abutted by steep elevations that transition to sensitive wilderness, in a very high-risk fire zone. These risks are not the only cause for concern. The cages and caverns themselves are unsafe, even for people who might be familiar with them; dark, narrow stairwells often lead to sudden, steep drops from a considerable height. This situation poses an additional safety issue both to the people who are currently drawn to the site, as well as to the Rangers who respond to reported security incidents.

Additionally, adjacent construction at the new Griffith Park Performing Arts outdoor stage is experiencing repetitive theft and sabotage, hindering progress and presenting a long-term threat to its operation. Finally, clean up and graffiti abatement are draining limited park maintenance resources.

In light of these conditions, our recommendations are the following:

Replacement of the existing upper area chain link fence, previously installed to preclude access, with
a more substantial fencing product. The chain link fence has deteriorated and has been breached in
numerous areas, rendering it essentially useless as a deterrent. The city historian has indicated that
the area's historic status is not an impediment to improving existing fencing.

- Implementation of vehicle towing after park closure, in lots 1, 2 and the small Old Zoo parking lot. There is no reason that cars should be in these areas after the park closes. Adequate signage and consistent towing of violators will no doubt be a deterrent to the rampant after-hours visitation.
- The addition of a Park Ranger graveyard shift. Surprisingly, there is currently no ranger coverage from 10pm-6am in the 4,000+ acre park.
- Regular LAPD after-hour drive-throughs. Ranger reports substantiate that there is significant illegal and criminal activity taking place at this site overnight. Coordination with Council District 4 may be helpful in obtaining LAPD agreement for this idea.

For all the reasons detailed above, we consider the conditions at the Griffith Park Old Zoo to be an imminent public safety hazard and an acute wildfire risk. As a result, we would urge RAP to review and implement these recommendations in as timely a manner as possible.

Please feel free to reach out with any questions, or to discuss how best to expedite these action-items.

Sincerely,

Jason Greenwald

Chair, Griffith Park Advisory Board

Good morning,

Thank you for contacting the Board of Recreation and Park Commissioners Office, your email will be forwarded to the Commissioners.

On Thu, Nov 11, 2021 at 5:08 PM HOLA Board President boardpresident@heartofla.org wrote: Dear Friends of Heart of Los Angeles,

I'd like to personally extend my deepest thanks to those of you who were able to attend yesterday's event and to all of you who have supported us throughout the construction of our brand new Arts and Recreation Center. Yesterday's lovely reception and luncheon, generously co-hosted by our dear friends Jerry and Terri Kohl and The Ralph M. Parsons Foundation, was the perfect setting to showcase our beautiful new home in LaFayette Park and to highlight our music programming through our students' wonderful live and recorded performances. I hope you all were able to see the profound impact your contributions have had - and will continue to have - on our children's future, a future in which they are finally afforded access to the resources and opportunities they deserve.

On behalf of our youth and their families, Board of Directors, staff, partners and community, thank you for your enduring commitment to leveling the playing field and ensuring that each of our children has an equal chance at success.

Please click here for a photo and video presentation from yesterday's event, including snapshots of HOLA's great programs and services. The program from yesterday's luncheon is also attached.

With gratitude,

Alison Whalen Board President of Heart of Los Angeles (HOLA)
